Orchid 兰 梅 Plum of Blossom

This collection uses Chinese culture to respond the increasing cases about racists on Chinese community around the world. In order to evoke the conversations around it, and as a Chinese designer, I want to use the梅兰竹菊 which symbolizes the Chinese gentlemen's spirits to educate what are Chinese people really means

PYER MOSS

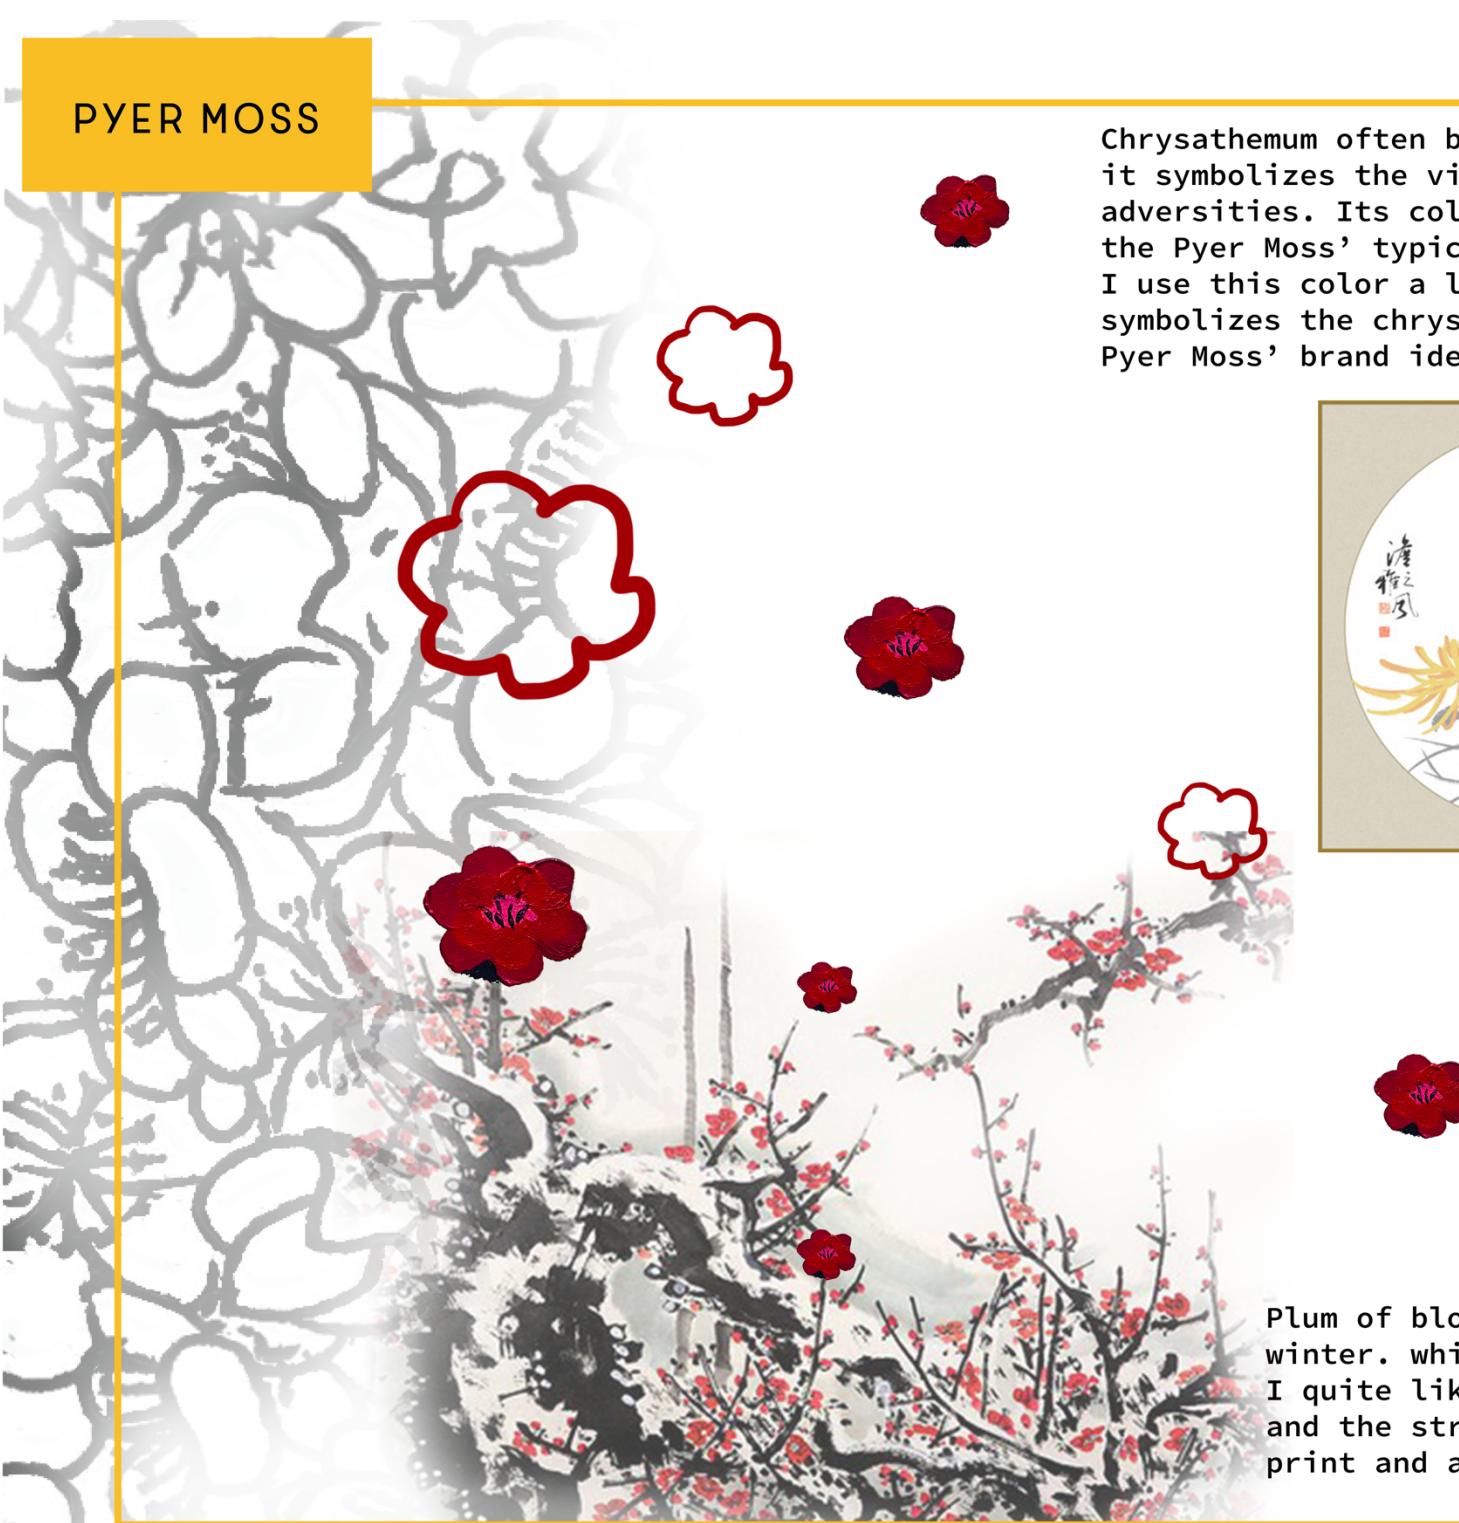

In order to keep the existing consumers, I research into Pyer Moss' classic shloutte and style. Also some designs that are inspired by the Chinese culture.

I did a oil painting that includes all the four flowers and mix them into the designs for Pyer Moss.

PYER MOSS

Chrysanthemum often blooms in late autumn, it symbolizes the virtual to withstand all adversities. Its color is quite similar to the Pyer Moss' typical orange. So in my design, I use this color a lot. which not only symbolizes the chrysanthemum but also the Pyer Moss' brand identity.

Plum of blossom are flowers that grow in the winter. which symbol strong and independent. I quite like the shapes of the plum of blossom, and the strong red it has. So I develop it into print and also some details in the garments.

PYER MOSS

bamboo is symbol of upright integrity with the perfect balance of grace and strength.

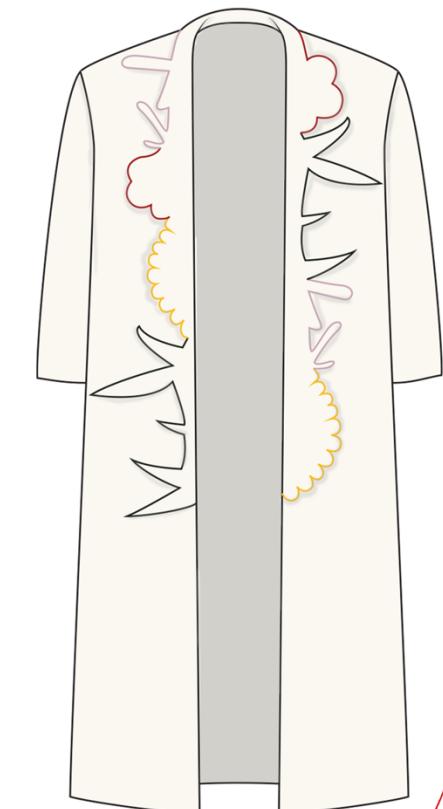

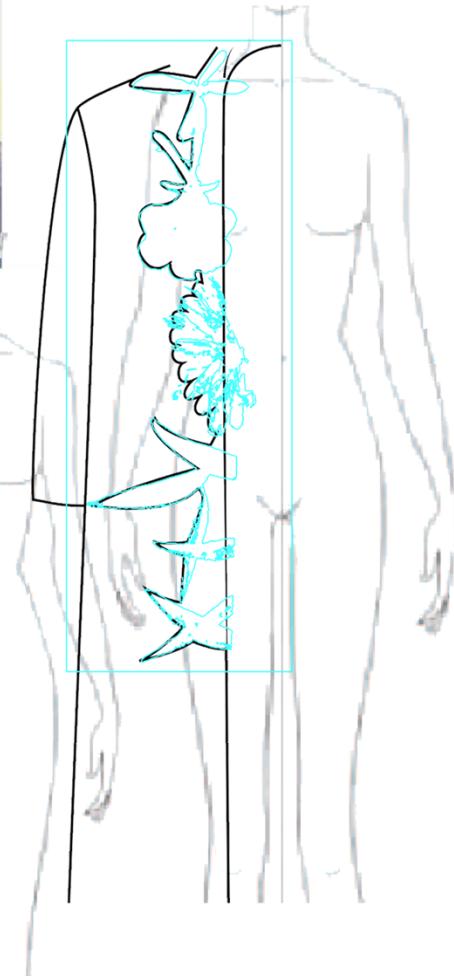

Even though the color of live bamboo is green, but I choose ink bamboo paintings for the inspiration.

Also, the ways of leaves combine together are very interesting that remind me of collar. And branches of bamboo can be combined to patterns.
